

STAFF REPORT

SUBJECT: Proposition 4/111 Appropriations Limit

MEETING DATE: June 15, 2006

AGENDA ITEM: 6A

RECOMMENDATION:

Adopt a resolution establishing the Appropriations Limit and selecting the annual adjustment factors for the 2006-07 fiscal year.

STAFF CONTACT: Martha Gibbs

DISCUSSION:

Propositions 4 and 111 restrict the amount of tax proceeds that can be appropriated by a government entity in a fiscal year, and this amount is known as the Appropriations Limit. This means that the Board cannot appropriate any Measure D sales tax revenue received in excess of SBCAG's calculated Limit.

SBCAG's first Appropriations Limit was established when Measure D was approved in the 1989-90 fiscal year. It was calculated using an estimate of the amount of tax proceeds that would be received in the first year. The Limit has then been adjusted annually thereafter for changes in cost of living and population. Government Code and Proposition 111 require adoption of the Limit by resolution prior to the fiscal year and a recorded vote of the Board regarding the annual adjustment factors that have been selected.

The following table presents the Appropriations Limit and annual adjustment factors for the 2006-07 fiscal year. The Limit for 2006-07 is determined by multiplying the Limit from the 2005-06 fiscal year by the income and population factors presented below. The recommended income and population factors were obtained from the State Department of Finance and represent the change in California per capita personal income and the change in county population, respectively.

| Fiscal Year | Income Factor | Population Factor | Limit |
|-------------|---------------|-------------------|--------------|
| 2005-06 | | | \$57,761,127 |
| 2006-07 | 1.0396 | 1.0104 | \$60,672,972 |

In order to comply with the provisions of the Appropriations Limit guidelines, the proceeds of taxes received each year must be less than or equal to the established Limit for that fiscal year. SBCAG is in compliance with the provisions of the Appropriations Limit guidelines for the 2004-05 fiscal year. Based on preliminary calculations, it appears that SBCAG will also be in compliance with the guidelines for the 2005-06 fiscal year.

All documentation used to determine the Appropriations Limit is available for review at the SBCAG offices.
