

STAFF REPORT

SUBJECT: Programming Webpage \ Project Database

MEETING DATE: October 4, 2007

AGENDA ITEM: 9

RECOMMENDATION:

Receive a presentation on SBCAG's new programming webpage and the EZ Trak project database that is accessible to local agencies and Caltrans via the internet.

STAFF CONTACT: Sarkes Khachek \ Brittany Odermann

DISCUSSION:

The Programming & Project Delivery Division at SBCAG created a new webpage and, with the help of a consultant, a web-based project programming database that is accessible to local agencies and Caltrans. The project database, dubbed EZ Trak, is available to local agency staff via the P&PD webpage. Local staff will access the database by clicking on the EZ Trak logo shown below. Each agency user will be assigned a unique username and password to access the database.

The web address for the Programming and Project Delivery Webpage is:

<http://www.sbcag.org/programming.html>

The web address for the EZ Trak login page is:

<http://eztrak.sbcag.org/login.asp>

A short staff presentation will demonstrate the features of the programming webpage and EZ Trak project database.
