## **Annual List of Projects with Federal Funding for Federal Fiscal Year 2008**

Federal law requires SBCAG to publish for public review an annual listing of projects for which Federal funds have been obligated in the preceding year, as a record of project delivery and a progress report for public information and disclosure.

This report indicates that approximately \$20 million in federal funds were obligated for 25 transportation projects in the region between October 1, 2007 and September 30, 2008. The federal funding consisted of \$11.4 million of Federal Highway Administration (FHWA) funds for road, bicycle/pedestrian facilities, transportation enhancements, and air quality projects and \$8.5 million in Federal Transit Administration (FTA) funds for transit projects.

The breakdown of expenditures by project type is as follows:
